Title of Proposal:

Check one:

Children's Heart Research and Outcomes Center (HeRO)

Children's Center for Cystic Fibrosis and Airways Disease Research (CF-AIR)

Junior Faculty Focused Awards (JFF)

Fusion Award - Children's Center for Clinical and Translational Research (CCTR)

Dear Dr. _____:

I agree with the goals of your project and the terms of the award as outlined in the RFA for the Pediatric Research Alliance pilot projects. I agree that your effort as Principal Investigator as stated in the budget will be available to dedicate to this research project should this proposal be funded.

My signature below also confirms that the budget has been reviewed by an appropriate department/division representative and that current salary base information and non-federal fringe rates have been used. I acknowledge that the terms of the award include the absence of institutional overhead/indirect costs and that no SOM G&A will be assessed.

Sincerely,

Signature:
