

# APRIL 2019 ROUND UP

Tom R. Ziegler, MD selected by NIH Center for Scientific Review as member of the Integrative Nutrition and Metabolic Processes Study Section. Learn more [here](#).

## FACULTY

Congratulations to Camilla Margaroli, PhD (Tirouvanziam Lab) for successfully defending her dissertation, "Neutrophil Plasticity Enables the Development of Pathological Microenvironments: Implications for Cystic Fibrosis Airway Disease"

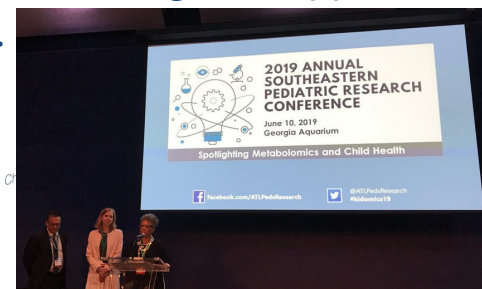

## TRAINEE

Farewell to Karen Kennedy. After 5 years with CF-AIR she is moving away with her family.

## FAREWELL

CF-AIR researchers and CF research was a repeated topic on stage at the 2019 Southeastern Pediatric Research Conference on June 10. Co-chairs included Facundo Fernandez, PhD and Miriam Vos, MD, with featured talks from Jessica Alvarez, PHD, Joshua Chandler, PhD, and Carolyn Ibberson, PhD. The day even started with Children's Healthcare of Atlanta CEO Donna Hyland sharing the story of the Shearer family, who has two children with CF and are great supporters of CF-AIR's research mission.
