50-Valent Inactivated Rhinovirus Vaccine is Broadly Immunogenic in Rhesus Macaques

Sunjin Lee, Min Trang Nguyen, Michael Currier, Joe Jenkins, Elizabeth Strobert, Adriana Kajon, Ranjna Madan-Lala, Yury Bochkov, James Gern, Krishnendu Roy, Xiaoyan Lu, Dean Erdman, Paul Spearman, Martin Moore

1st Place
Basic Science Poster

Presented on June 22, 2016
Organotypic Tumor Slice Culture for Evaluating Treatment of Medulloblastoma

James Felker, Abhinav Dey, Katie Metrock, Jingbo Liu, Tobey MacDonald, Anna Kenney

2nd Place Basic Science Poster

Presented on June 22, 2016
Valvular interstitial cells derived from iPSCs as a source for tissue engineered heart valves
Aline Yonezawa, Monalisa Singh David Safranski, Kenneth Dupont, Chunhui Xu, and Michael Davis

3rd Place
Basic Science Poster

Presented on June 22, 2016
Racial disparities in the clinical characterization profiles of individuals with Autism Spectrum Disorder

Morganne Reid, Jennifer M. Moriuchi, Ami Klin, and Celine A. Saulnier

1st Place
Clinical Science Poster

Presented on June 22, 2016
Trends in Neonatal Surgical Outcomes in Children's versus Non-Children's Hospitals
Heather L. Short, Alexandra Savinkina, Mehul V. Raval

2nd Place
Clinical Science Poster
Presented on June 22, 2016
A Systematic Review of Transitional Care for Adolescents and Emerging Adults with Diabetes

Mary K. Findley, EunSeok Cha, Eugene Wong, Melissa Spezia Faulkner

3rd Place
Clinical Science Poster

Presented on June 22, 2016
