Announcements & News

Due to ongoing uncertainties regarding return to on-campus research activities, the CF-AIR leadership (McCarty, Stecenko, Whiteley) decided that we should cancel all previously scheduled Wednesday afternoon activities such as the CF-TR Joint Lab Meeting and CF-AIR Research Workshop, through the month of April. If you were already scheduled to present, we will work with you to find a later date, and may extend these sessions into at least part of the summer.

However, if you would like to arrange a lab meeting presentation, such as if you are planning a grant proposal for an upcoming deadline, or if you wish to practice for a job interview, we want to accommodate you. These ZOOM sessions could be done chalk-talk style, but with the use of PowerPoint in place of a white board. Nael has offered to act as facilitator, managing the flow to give people opportunities to interrupt and ask questions or provide input such that the presenter need not be bothered with watching the ZOOM gallery for a raised hand. If you are interested in taking advantage of this opportunity, please let Nael know (namccar@emory.edu).

Meanwhile, stay safe and healthy.

Reminder: Submit Abstracts Now for the 10th Annual Southeastern Pediatric Research Conference!
