

DATACON 2026

Unlocking Clinical & Research Data
Click HERE to Register

**A 2-day event for researchers, clinicians, trainees
and data scientists to learn about:**

- Available clinical and research ecosystem data resources, including Children's EHR data, REACH resources, and national research networks such as PEDSnet.
- Data linkage across sources, data quality assessment, AI-assisted chart review, and pediatric core resources.
- Hands-on, self-service training with SlicerDicer Pro for practical EHR data extraction and exploratory analysis.
- A technical deep dive into the Epic Cosmos platform and its architecture, query capabilities, and applications.
