

ICI uConference 2026

August 26th, 2026, from 10am-2pm

Kaufman Auditorium, Winship Bldg.
C, 5th floor

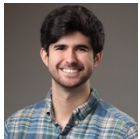

Join us for expert-led sessions on imaging and image analysis, featuring practical guidance on fluorophores, objective choice, experimental design and getting the best images for quantification.

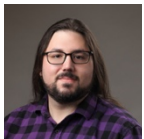

"From Nanometer to Centimeter: Scale Bar Crawling in Microscopy"
Dr. Shaojin Mark You

"Intro to Immunofluorescence"
Dr. April Reedy

"How to Take Quantifiable Images"
Dr. Hunter Hakimian

"Holistically Designing an Experiment"
Stoyan Ivanov

"Getting the Most from Your ICI Microscopy Core"
Laura Fox-Goharioon

In person event

Pizza for attendees only. You must RSVP
