

K Application Boot Camp for Basic/Translational Scientists

Are you a pediatric scientist conducting basic/translational research and are planning to apply for a career development award, such as the Atlanta Pediatric Scholars K12 Program or a K08 grant?
Then this boot camp is for you!

This course will walk basic/translational scientists through K application components required for mentored career development awards.

Presenter:
Janet Gross, PhD
Grant Writing Consultant
and Course Director
for the Emory MSCR
Grant & Scientific Writing Class
