

REACH

Research Retreat

Join us on **Thursday, May 15, 2025**, for an engaging afternoon of networking, research discussion, and collaboration. The retreat will include lunch, interactive sessions, and opportunities to connect with fellow REACH and CORPH members as we shape the future of child and adolescent health research.

We'll conclude the day with a casual happy hour to continue the conversation and celebrate our growing community.

We look forward to seeing you there!
